Activity #1: What do you do online (10 minutes)

This activity has been designed to help young students identify the different types of technology they use at home and school. The student’s completed worksheet will be used with the NetSmartz Presentation to help engage them in a discussion about the use of technology and introduce them to the lesson on Internet Safety.

Circle what you use to go online?

<table>
<thead>
<tr>
<th>Smartphone</th>
<th>Computer/Laptop</th>
<th>iPad/Tablet</th>
<th>Chromebook</th>
</tr>
</thead>
<tbody>
<tr>
<td>Smartwatch</td>
<td>Nintendo Switch</td>
<td>Xbox One</td>
<td>PlayStation</td>
</tr>
</tbody>
</table>

Circle the things your parent/guardian/teacher allows you to do online.

- Play Games
- Watch YouTube
- Read Books
- Goggle New Things
- Listen to Music
- Do Homework
- Face Time Family/Friends
- Call my parent/guardian
- Talk to Siri

Write 3 things you do to be safe when go online.

1. ______________________________________
2. ______________________________________
3. ______________________________________
