

App for Life

SAVING LIVES ONE
PRAYER AT A TIME

There is a 24-48 hour crucial time period when women decide whether to keep their child or have an abortion. Options United's mobile **App for Life** sends users an urgent prayer alert so you can send grace to mothers, fathers, and children in need. The **App for Life** also lists services throughout Southern California, including free pregnancy tests, ultrasounds, parenting classes, NFP, and post-abortion healing.
