

We thank God for our Families
Everyone Deserves a Home—a Lesson in Adoption
PreK, TK and Kindergarten Lesson

Goal: Students will learn about the loving choice of adoption and explore stories of people who have been adopted. Activities will reinforce a thankfulness for family and home and a desire to pray for and support those children who do not have either.

Lesson: Play and sing [We Are Family](#) song by beloved cartoon and children's show characters. 3.5 minutes. Funny mashup of characters that can get students singing and dancing.

Explain that when God creates each new person, he sends them into the world as tiny babies, first growing inside their moms. When babies are born, they need lots of attention. Ask the students if any of them have baby brothers or sisters or cousins or neighbors. What types of things do babies need to be happy? Material things but also attention from people who love them.

Introduce the idea of adoption—most of the time babies are born and live with their moms and dads and other members of their families. Other times, moms and dads realize they do not have all of the tools they need to take care of their baby, so they ask for help from other people. Those other people can be adoptive parents who invite the baby into their homes and make them a part of their family. Lots of people are adopted. Let's learn a few of their stories.

Watch: [Story of Moses](#) Great video version of the story showing Moses' mother, Jochebed, choosing the Pharaoh's daughter to be Moses' adopted mother. **End video at 4:55** for just the adoption story or watch the entire story of Moses' life for 26 minutes.

Discussion: What did we learn about Moses' birth?

When he was born, Moses' mother Jochebed was unable to care for him. What did she do?

Who became Moses' adoptive mother?

What else do we know about Moses?

What other things did he do in his life?

Activity: [Coloring pages](#) for Moses' adoption story.

Discussion: There are children today, like Moses, whose moms and dads can't take care of them. Do you know any children who are adopted?

Watch:

[Andrea and Henry Bomberger adopted ten children](#) who needed families. 1 minute video gives short glimpse at their amazing story.

[A Lott More to the Story](#) Adoption story of the Lott family who adopted five children. 2.5 minute video

What did you learn about these children who are adopted? Do they love their adoptive moms and dads? Do they love their adoptive brothers and sisters? Does it look like they have a lot of fun in their families?

Activity: If someone asked you to describe adoption, what words would you use? Draw a picture of adoption and family.

Prayer for Families

Dear God, When you create new people for the world,
you create them to be part of a family.

Some families are big and some are small.

Some families live in the city and some in the country.

One thing is true about all families—there is lots of love!

Sometimes parents cannot take care of their children.

When that happens, we ask that you send them new families.

Please let these children find families to love them,
and give them everything they need to grow up happy and healthy!

We thank you for our families!

Amen
