

Archdiocese of Los Angeles ▪ 3424 Wilshire Boulevard, Los Angeles, California 90010

CONSOLIDATED LIST OF PERSONS NAMED IN THE REPORT TO THE PEOPLE OF GOD

The following consolidated list includes the names of clergy who were credibly or publicly accused in the original 2004 Report to the People of God and the subsequent updates in 2005, 2008, 2018 and as allegations were received as part of the [Independent Compensation Program for Victims of Abuse by Diocesan Clergy \(ICP\)](#) which ran from September 2019 through September 2021. As part of the Archdiocese's continuing commitment to transparency and support for victim-survivors this list will be updated periodically to include the name of a priest (or bishop) if the allegation could be investigated and was found to be credible after an investigation and review by the independent [Clergy Misconduct Oversight Board](#). Where the priest was long deceased or had left the Archdiocese long before the allegation was received, the name of the priest is included if the allegation was found to be plausible: that is, the time and place of the allegation matches the period of service for the accused priest, even if it could not be fully corroborated. In such cases, the name of the priest has been included out of respect and concern for the victim-survivor who reported the matter and for others who may have never reported misconduct by the listed priest.

Note (11/28/2023): The list was last updated through March 30, 2021. The status of some of the priests named below may have changed, such as a priest may have since died. In addition, CA Assembly Bill 218 created a three-year revival window beginning in 2020 for victims of child sexual assault to file a lawsuit regarding claims that had previously expired due to the statute of limitations. This Report has not yet been updated to include any new names that may arise in this litigation because the information is still being gathered and confirmed through the legal proceedings currently underway. The Archdiocese will update the list for the status of those who may have since died along with new confirmed names as appropriate.
