2. PRAY

We invite you to take a prayerful walk in your neighborhood. Seek out a plant or tree that is growing that captures your attention and stirs up life in you. Allow it to capture your attention and awaken wonder within you.

Share with us how you are living out your faith at home. Use #LACatholicsBelieve and tag @LACatholics on social media.

Let your imagination take you back to a time when it was just a seed and consider the growth that has taken place since then. Ask God what seeds God is planting in your life? What is God desiring those seeds to grow into? Tell God what thoughts or feelings this is evoking in you.

3. TALK

God has planted seeds in your life to produce faith and grow the Kingdom of God. Draw a picture showing what has grown from the seeds that God has planted in your life. Share your drawing with your family or a close friend.

After sharing your drawings, tell the other person what fruits you see God has produced in their life.
