To learn more about California's ScholarShare 529, its investment objectives, risks, charges and expenses see the Plan Description at ScholarShare529.com. Read it carefully. Investments in the Plan are neither insured nor guaranteed and there is the risk of investment loss. Check with your home state to learn if it offers tax or other benefits such as financial aid, scholarship funds or protection from creditors for investing in its own 529 plan. Consult your legal or tax professional for tax advice. If the funds aren't used for qualified higher education expenses, a federal 10% penalty tax on earnings (as well as federal and state income taxes) may apply. Non-qualified withdrawals may also be subject to an additional 2.5% California tax on earnings.
